Patriots defending themselves is what this Country was founded on. Exercising Our Rights, all of them, is extremely important.
We have seen peaceful protests by Patriots in Virginia, people defending their homes and businesses, and carrying daily to protect themselves.

The Deep State hates that and they want to turn it around against Us.
We have seen weapons handed out in "chaz", armed groups patrolling and making demands, harassing and assaulting innocent bystanders. Next you will see these armed groups around polling places in a few weeks.
Intimidation, just like they demand to see "proof of your last DNC donation" they will demand to see your voter registration to be "allowed" to vote. I'm sure in certain areas they will be allowed in the building to "make sure" you vote correctly.

This is all by design, directed and well funded by by hostile foreign nations, supported by the deep state and the "enemy within".
Designed to make Trump supporters, who rightfully Demand to vote in person to help stop fraud, feel uneasy about going to polling places.

This is another way to get and control "mail in voting", people are scared to vote in person.
So here comes the sneaky back door reason, it's not just about mail in voting, they will soon scream, "you can't Peacefully Protest with a firearm, it shows intent",

"Armed protests are affecting the election", there's a reason why AR-15s are being shown so prominently.
Soon there will be calls for the SCOTUS to step in, on a emergency basis, to guarantee election safety and heavily regulate firearms in general and ARs in particular.

Those "Second Amendment" issues I mentioned in the "Roberts thread".
This opens the door for a compromised SCOTUS to get involved with election issues, also part of the plan, as the DS will challenge EVERY election result that doesn't go their way.

They know they can't beat President Trump, they want control of House and Senate, and every other election they can steal.

We have been too long without Justice. I understand timing and the importance of the coming election, but enough is enough. If their are no arrests, indictments, anything on day one after the election, the violence will only continue, eventually boiling over into something

the idiot rioters want because they don't understand it, and into something We the People Don't want because we DO understand it.

Please be Vigilant, protect yourselves and your loved ones.
Pray for Peace🙏🙏🙏 but.....

A "Jury of Our Peers". We have seen hatred, racism, and violence, all over tv and the internet. Governors, mayor's, councils, state attorneys, judges, and on and on, ALL of them hate us. They have been caught over and over again using their position to push their agenda and

Punish those they hate, admitting many times they want you dead. Imagine facing these people in court, when they are in control 🤔 I did, Rod, Comey, Mueller, Obama, and others, lied with a smile on their face. Their appointed judges

Many people have asked, "what do they have on Chief Justice Roberts"? The time has come to answer that question. I'm told the SCOTUS will be taking up some Second Amendment issues soon, issues with Far reaching implications for our Country, Roberts CANNOT be relied upon to

to uphold The Constitution and protect Our Rights.

Recent SCOTUS decisions have been carefully crafted and approved by the Deep state to appear impartial. This includes recent decisions supporting President Trump's views. This
